

REUNION 2008 A SUCCESS

Our Reunion Committee did a great job in organizing Reunion 2008 in Windsor Locks CT. About 200 people attended the events from Friday, August 8th through Sunday, August 10th.

We had so many chances to meet and greet: Friday saw lots of setup activities and a Happy Hour and Dinner in the evening; Saturday featured our Business Meeting and all the tables and booths were open; Saturday night featured our Banquet with speakers. And then there were the breakfast opportunities on Friday, Saturday, and Sunday mornings. Not to speak of all the informal opportunities throughout the weekend. It was so great to be able to hug and shake hands with those "cousins" we only see once every three years!

Read more stories about Reunion 2008 at our web site—
www.VioletteFamily.org. And enjoy the photos in this newsletter. We'll have more photos at the web site soon.

Financially, Reunion 2008 was also a success, with net income of \$2,077.39. See the Treasurer's Report for more details.

Plus ça change, plus le même choix; our new Officers are our old Officers! And, we now have two positions added to the Executive Board. See the Secretary's report for the details.

But, we have a new Reunion 2011 Committee. See the story in this newsletter for more details.

DO YOU KNOW YOUR DNA HISTORY?

Nancy Nolette (VFA#1702) told us about her studies on DNA at Reunion 2008. Nancy's research can help you and your family dig through the technical terms and learn what you can do to learn more about your family background.

DNA is a molecule in your cells that carries your genetic code. This is genetic information you get from both of your parents and it determines many of your characteristics. Knowing about your DNA can be of great interest for those studying their genealogy, but it can also help us understand many health conditions and inherited characteristics we or our family members have. Nancy pointed out that DNA can even help support or disprove family lore!

Nancy gave us information on how to have your DNA tested. She got a kit from National Geographic Genographic Project, and the kit included maps, a video presentation on DVD, and other items needed to gather your DNA sample and submit it for testing.

Check out her talk in more details at www.VioletteFamily.org.

Nancy Nolette telling us about family DNA at Reunion 2008

PRESIDENT'S MESSAGE

Hi All Violettes:

We've had a great year. Our Reunion in Connecticut, installation and dedication of the Violette Mill in Van Buren (Acadian Village), the coming together with our Virginia Violette cousins, and a very strong new Board. Our next Reunion in Maine is already being planned, we are considering an Association coat-of-arms, and we are moving into future adventures of DNA research, along with a constant growing Association with a big website presence. And, we are planning future publications which will enrich our family history. The list runs long in thanking so many for giving us such a strong family association.

We are always looking for donations and contributions to our Association. Not many organizations have no fees or membership cost as we do. That is something to really brag about. But, your financial kindness is always welcome. Without that, we would have no Association.

Please know that you can always get in touch with me regarding any Association questions or suggestions. Here are others who can help as well:

- Christine Lippincott (Vice President)
- Paul & Deanna Violette (Treasurer)
- Rod Violette (Secretary/Genealogist)
- David Violette (Website/Newsletter)
- Kim Richards (2011 Reunion Committee Chair)
- Rita Lippe (Hon. Life President)
- John Violette (past President, other positions)
- Marlene Violette (past Vice President)
- Louiselle Violette (Past Treasurer & support)
- Harold Violette, and Dick Violette.

Many thanks to all of you and let's all help support Kim with a successful 2011 Reunion. My thanks to all our members.

Regards, Paul J. Bunnell, President

President's report:

Paul Bunnell reported on the dedication of the Gristmill at the Acadian Village in Van Buren.

Committee reports:

Raffle, Christine Lippincott reported on the up-coming raffle and promoted the sales of tickets.

New Business:

Coat-of-Arms: Nancy Nolette volunteered to explore the possibility of getting an official coat-of-Arms for the Violette Family.

There was considerable discussion about amending the constitution to add a fifth member to the Officers of the Association. Rod Violette was concerned that an even number could lead to a tie vote. John Violette explained that a tie vote simply meant that the proposed action did not carry.

Moved by John Violette, seconded by Kim Roberts that the number of Officers remain at four. Any new positions would be part of the Executive Committee.

Passed unanimously.

Election of Officers: It was announced that the secretary Rod Violette and Treasurer Paul Violette would stand for re-election.

The position of President and Vice-President remained open.

VIOLETTE INDUSTRIAL BUILDING DEDICATED

The Acadian Village in Keegan ME is one of the foremost places to see and feel the Acadian heritage and learn the history. Opened in 1976, it continues to grow and now has fourteen buildings that house exhibits of life in the times of the Acadian settlers in the upper St John River valley. While most buildings are historic and have been moved to the Village, the Violette Industrial Building was newly constructed. When Anne Roy, Director of the Acadian Village, heard about an old grist mill that was going to be sold among those she contacted was Alderic O. "Dick" Violette (VFA#100) of Warner NH. Francois Violet built the first grist mill in the area in 1791. Though this mill was not the one Francois built, the equipment was much the same and if sold and moved away it would be a loss to the

area. Dick and Alice had previously been active supporters of the Village, and they decided to help out again. Their donation helped to construct the building and move the equipment into it. In addition to the grist mill, other equipment is housed there that shows other operations necessary for the early settlements.

The Violette Industrial Building—named to honor Francois and his early work— was dedicated on Oct 15, 2005 and many Violette Family Association members took part in the dedication.

REUNION 2011 IN THE PLANNING STAGES

The Reunion 2011 Committee: Kim Richards, Jody Carson, Nancy Violette, and Robert Violette of Norridgewock, Canaan, and Winslow ME volunteered to be the Reunion planning committee for 2011. Kim stated that their plan is to hold the 2011 Reunion in northern Maine, and they are busy exploring where and how.

Van Buren is the obvious first choice; 2011 will be the 30th anniversary of the dedication of the monument at Violette Brook. The Acadian Village, located in Keegan and near Van Buren, could have plenty of space to hold Reunion activities.

The current lack of hotel/motel rooms in Van Buren raises a concern for the planners. Discussions under way have considered possibly having the events in Van Buren while people stay in other communities in the area. Daigle's Motel in St Leonard NB is just across the river, but they do not have enough rooms to house us all.

Caribou ME is about 20 miles away and would have possibly enough housing. Madawaska ME is about 25 miles away and would have a sufficient number of rooms available, especially when taking into account those in Edmundston NB across the river. And Grand Falls NB is about 15 miles away and there is plenty of housing there.

Other discussions consider joining in the Acadian Festival in Madawaska that summer. This festival often features one or more family from the region. However, the Festival would have so many other activities that some are concerned that the Violette Family Association would lose focus and the cost of participating in the Festival may be beyond our means.

Under the current rules, people must have passports when crossing the border and that would be an added expense for those who do not already have a passport. (See the story in this newsletter about getting your passport)

We will continue to update you with Reunion planning progress!

VIOLETTES OF VIRGINIA

Martin Violette, of Virginia, had been in touch with us over the last couple of years and was invited to be a guest speaker at Reunion 2008. Martin is a genealogist who has been working on the Violette families who settled in the Virginia area.

Martin has started a web site and a project to identify Violettes that came to Virginia and spread from there. This family came from England in the 1600s, though he has traced the roots much further back in English history. He has found references to the 1200s, when some weavers named Violette were brought to England from the European continent. This was probably the start of that branch from England though obviously the family had to have started before that.

Martin offered an answer to the question: How can you tell if you are a Violette of French Canadian descent or of Virginian descent?

First, check your family's line. If they go way back to New England or Canada, and there are some French given names, then you should probably assume you are of the French Canadian branch.

On the other hand, if your forebears go back to Virginia, Kentucky, Ohio, Tennessee, or Indiana, and have predominantly English-sounding names (especially, in the earliest generations, names like Edward, John, Thomas, or William) you are likely from the other branch.

For more information, check out his web site at www.violettesofvirginia.com.

RITA'S LAST GENEALOGY BOOK RAFFLED OFF AT REUNION

Most of us are very familiar with the plum-colored book that is seen at every Reunion and on our personal bookshelves. Rita Violette-Lippe (VFA#1) produced the book that captured the results of her extensive genealogical research during the 1970s into Francois Violet and those who came after. "The Descendents of Francois Violet" was published in 1984, and Rita's work resulted in the formation of the Violette Family Association.

The books have been sold over the ensuing years, however that stock has run out. Only one book remained, and that was offered for raffle at Reunion 2008 with the proceeds going to the Association. Peter Girard (#1330) of Rocky Hill CT was the winner.

Discussions are underway to publish a sequel to Rita's book, taking up where hers left off in time. No specific plan or course of action has been decided on, but the sequel is not likely to be a hard-bound book as was the first.

NEED A PASSPORT?

It's not too early to plan for Reunion 2011, and if you do not already have a passport you will likely need one for that event. If, as planned, the reunion will be held in northern Maine—perhaps the Van Buren area- there are many sites in nearby New Brunswick that you will most certainly want to visit. Crossing the border requires a passport.

Passport or Passport Card?

The US Department of State offers two ways to prove identity and citizenship: the traditional **passport**, and the new **passport card**. The passport card is similar to a driver's license and easy to carry, but *a passport card is not valid for air travel*. It is meant to be an easy document to carry when crossing borders by vehicles or for those who cross often. If you already have a passport you can apply for a passport card as a Renewal.

How much does it cost?

On a normal basis the passport application fees when you apply in person for an adult passport at a Passport Agency or Acceptance Agency are as shown in the table below. That data is from the Department of State web site and the figures are valid as of November 2008.

What Are You Applying For?	Applica-tion Fee	Execution Fee	Total Amount You Pay
Passport Book (Age 16 & Older)	\$75.00	\$25.00	\$100.00
Passport Book (Under Age 16)	\$60.00	\$25.00	\$85.00
Passport Card (Age 16 & Older)	\$20.00	\$25.00	\$45.00
Passport Card (Under Age 16)	\$10.00	\$25.00	\$35.00

If you apply by mail the Execution Fee is not required. Expedited service is available but at a higher cost.

How long is a passport good for?

Ten years, for either passport or passport card.

What do I need to get a passport?

Fill out the necessary application form (DS-11) and provide a certified birth certificate or other official proof of citizenship plus two standard passport photos.

Where can I get a passport?

Many Post Offices offer this service.
